

July 2022

Dear parents, carers and families

**Monday 18<sup>th</sup> and Tuesday 19<sup>th</sup> July.**

As you will be aware, we have received advice that the temperature is likely to be very hot on these two days. I wanted to let you know what we will be doing to keep our Academy community safe:

- Students will not need to wear blazers or ties on these two days.
- We have arranged for bottles of water to be freely available for staff and students.
- Students should bring their own bottle of water. They should also bring suncream and / or a hat for outdoor use.
- We are reviewing our lessons to ensure they do not generate heat (this means science will not use the Bunsen burners for example).
- Students will be asked not to partake in sporting activities at break and lunchtime on these two days.
- We are taking steps to ensure the Academy is fully ventilated, and are attempting to purchase additional fans for use.

I'd like to thank you, in advance, for your support with these matters. It is only by working together that we will ensure our Academy community runs smoothly on Monday and Tuesday next week.

Yours faithfully,

*Graeme Smith*

Mr G Smith

Principal
